REACH**

## Academic Upgrading

- Everyone welcome
- Low student-teacher ratio for close, personalized attention
- Customized programming that caters to your goals
- Flexible class options to fit your schedule
- Start now!

**REACH HIGHER WITH SUMMIT!**

***EMPOWER YOURSELF FOR LIFELONG SUCCESS***

Summit's Academic Upgrading program is based upon the Ontario Ministry of Education Curriculum Guidelines and Expectations and is designed to help students realize educational, career and life goals.

The curriculum improves students' essential Math and English knowledge and skills; provides them with ability and motivation to continue learning on their own; and helps them succeed in the world beyond school. Our qualified, experienced instructors optimize students' learning experience by applying tailored strategies to fit students' unique learning styles, personalities and skills-sets.

Graduates from the Academic Upgrading program are confident, independent, and equipped for further education, skills training, apprenticeship, or sustainable employment.
